Hi, I got your mail in regards to my house for rent, but I have been very busy with work, it is still available for rent.

What really happened is this, am not giving my house out for rent just because of money but because of my transfer to West Africa. Am an x-ray welder under ship building, I have been working with Nassco ship building here in united state, you can view site at www.nassco.com, but have just been transferred to Niger dock Nigeria plc, you can also view site at www.nigerdock.com. I left united state with hope that I will be coming back in a month's time, but right now the company have ask me to stay for 3yrs under contract with them, that is why I have made up my mind to put up my house for rent to whom ever that will take good care of it.

Please if really interested you can contact me on or [+234-17472580](tel:+234-17472580) or [+234-806-302-2141](tel:+234-806-302-2141) also how long do you intend to stay?

The address is **9278 Medallion Way, Sacramento CA 95826** you can go check out the house and get back to me for more information.

Please respond ASAP.

Thanks

Hi Janet, I am very interested in your property. I'm sorry to read that your trip to West Africa has been extended but I'm sure it will be a great experience for you. I'm looking to reside somewhere for awhile. It is myself and two sons looking for a fresh start. I've been a homeowner and unfortunately due to unforeseen circumstances I was forced to foreclose last year. I would make a good tenant because it is important to me to take pride in the place you live. I also believe in taking care of other people's property. We have been sharing a home with a family member and would like to have a place of our own. If this is okay with you, I would like to pursue the possibility of renting your home for the time in which you are away. Please forward any additional information (application, contact information, etc.).

Thank you,
Tiffany
