Service Phone Numbers

Many service companies will not allow property managers to change service into someone else's name. Therefore, we must stress that you need to switch services into your name immediately. For your convenience this is a list of most of the numbers you may need. If you have a problem getting a service vendor please give us a call or [email](#) us (Subject: Utility Service Change Help Needed) and we will be happy to assist you.

US Post Office -	(800) 275-8777

This is a list of telephone numbers for the various service companies that may provide service to your particular home. Please call the companies you believe are needed for service. If they are not the right company, they will be able to tell you which company to call. Most Sacramento properties have SMUD for electricity and PG&E for gas.

If you are required to pay water/sewer and/or trash, the utility companies for those services should be discernable by their location/name. Please make sure you commence service PRIOR to moving in so that the services will be ready when you move in. Again, if you need assistance, you may call our office or e-mail us (robine@horizonproperties.com).
